Dear Sir:

AMENDMENT AND RESPONSE
INCLUDING SEQUENCE LISTING

This submission is filed in response to the Office Communication sent by facsimile on June 26, 2001, a copy of which is enclosed (paper no. 14). This Communication vacated the Office Communication mailed May 31, 2001 (paper no. 13), and provided one month in which to respond, therefore no extension of time is required. Paper No. 13 also contained a Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures, and Raw Sequence Listing Error Summary, to which the attached substitute sequence listing, in both printed and computer-readable forms, is a complete response. A copy of paper no. 13 is also included.
